BIG HISTORY LITTLE MUSEUM

ABOUT

The doors to the Nose Creek Valley Museum officially opened on July 1, 1988. By 1993, the museum had outgrown its original size and an extension was added to be able to display more local artifacts. Today, the museum houses more than 25,000 items. We see up to 25000 visitors per year. We have elementary and middle schools visiting us each year.
